

AUSTRALIAN MADE & OWNED - SINCE 1946

## Environmental Policy

Davell Products Pty Limited recognizes the importance of protecting and enhancing the health, diversity and productivity of the environment for the benefit of our clients, workers, stakeholders, the community and future generations and is committed to reducing its impact on the environment by adopting sustainable processes wherever possible.

In our commitment to continually improving our environmental management system and the prevention of pollution we shall:

- Communicate the company's environmental position to employees, subcontractors and consultants, and make this policy available to interested parties, including the public;
- Comply with all applicable environmental legislation and relevant industry standards;
- Establish, report and review annual measurable objectives and targets to reflect environmental performance;
- Identify and evaluate the impacts of our products, services and operations on the environment and seek to reduce or minimise their effect while maintaining product quality, service performance and employee safety;
- Provide working solutions that endeavour to ensure all environmental aspects and impacts are rated as non-significant
- Seek to reduce waste, conserve resources and explore every opportunity for waste recycling,
- Proactively embrace sustainability by responding to developing issues and public concerns

To achieve the above, we will provide the necessary resources, skills and training to assist all stakeholders to work within our management system developed in accordance with ISO 14001.

Brenton Gray
